

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 5, 1996

SUBJECT: **HB 2077 - SB 2646**

This bill, if enacted, will require all managed care organizations, health maintenance organizations, or preferred provider organizations to provide information to all enrollees on an annual basis of any restrictions placed on medical personnel regarding alternative medical care, treatments or programs.

The fiscal impact of this bill is estimated to increase state revenues from civil penalties for failure to comply. Such an increase cannot be determined but is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
